

Fox Street Tank and Pipeline

PROJECT SUMMARY

Design and construction of a 1.0 million gallon (MG) welded steel tank to replace the existing 0.15 million gallon (MG) Orange Tank in Mead Valley. The project includes construction of the new Fox Tank, demolition of Orange Tank and pipeline improvements along Fox Road and Ellis Road.

CURRENT STATUS: **Bid / Construction**

ESTIMATED CONSTRUCTION SCHEDULE

- Start: Winter 2019
- Finish: Fall 2020

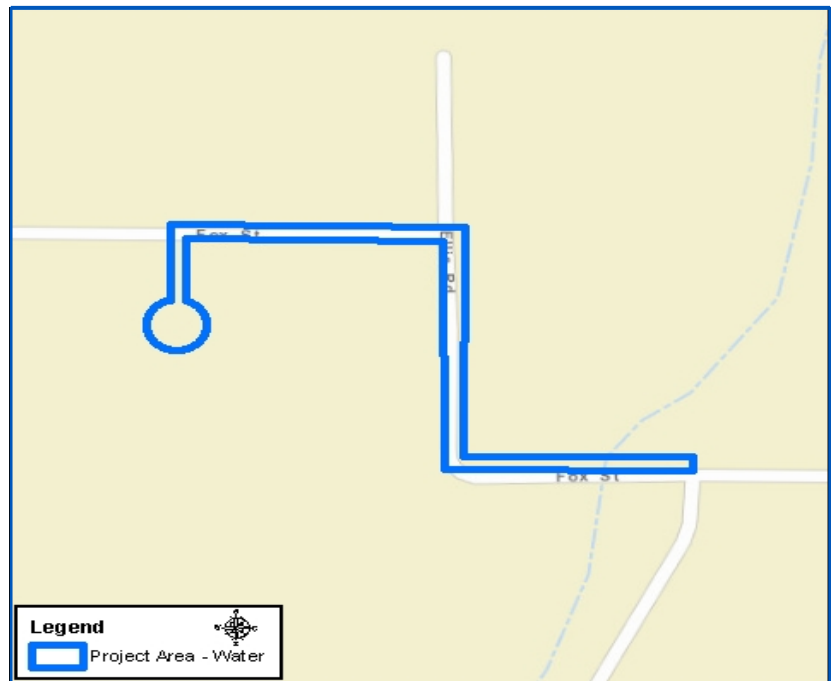

PROJECT BUDGET

- Estimated Total Project Budget: \$6,063,000
- Estimated Construction Budget: \$4,074,000

PROJECT BENEFIT

Water storage facilities such as the new Fox Tank allow EMWD to provide water supply reliability, maintain system pressurization and to provide emergency water storage in the event of unplanned outages.
